

The Board of Fire Commissioners, Gloucester Township Fire District # 4 held a virtual Workshop on January 6, 2021. This meeting has been properly advertised according to the State of New Jersey Sunshine Laws.

ROLL CALL

Commissioner Vannoni (here) Commissioner McCann (here)
Commissioner Jones (here) Commissioner Grady (here)

Attendees: Captain Reiss, Ff Klingberg, FF Walsh, Chief Cipriano, FF Woods, FAM Prendergast

Commissioner McCann asked the Board to make the Clerk aware of any invoices that should be accounts payable.

Commissioner Grady stated the language in the Local 3249 contract has been corrected.

Commissioner Jones stated Rescue 84 is out of service, because of an electrical problem at Station # 1. He was told the assistant Chief was going to have the problem fixed.

Chief Cipriano said the problem will be fixed by the Assistant Chiefs

Commissioner Jones also made a suggestion to the Board concerning the new hire. If the Board hires the first firefighter on a temporary basis in May, when the new safer Grants come out, put in for 2 new hires, which would include the person we have temporarily hired.

Chief Cipriano would like to get an AFG Grant, shared with all Districts for hydrant adaptors.

Captain Reiss stated it is a short window, and he thinks it would take months to gather all the information from the other Districts.

The Board agreed to try to see if it is possible.

Chief Cipriano said training is going to start again, with groups of 9. He said very pre-caution will be taken to ensure everyone's safety. This will include E-safety Training.

With nothing further to discuss.

Motion by Commissioner Grady, second by Commissioner McCann to adjourn.

DATED: January 6, 2021

BY: _____
Michael Jones, Secretary
